Dallink Optical Module

Overview

Featuring a built-in Semtec chip and reliable FP laser / PIN receiver, the SFP module delivers low power consumption and stable optical links for 1G single mode networks like Gigabit Ethernet and Fibre Channel. You can rest assured regarding quality and warranty. The D-Link 10GBASE SFP+ Module Series transceivers ofer customers a wide variety of 10G Ethernet connectivity options for data centers, enterprise wiring closets, and. Explore our D-Link SFP Module & DAC Cable Compatibles - 10G SFP, 25G SFP28, GBIC, 100M SFP, XFP transceivers, 10G & 40G Twinax Cables! This section covers D-Link SFP module & DAC cable compatibles designed for reliable performance and integration. Welcome to our hub of high-performance networking. Our factory specializes in producing high-quality optical modules compatible with D-Link devices, covering a variety of types from SFP, SFP+ to QSFP+ to meet different network needs. All optical modules undergo rigorous compatibility testing before leaving the factory to ensure that they can. D-Link's 10G SFP+ Module series are hot-swappable SFP+ transceivers that plug into SFP+ slots on switches and support 10G Ethernet. Quality Testing Program Optical Transceivers TestingLearn more Quality Certifications To get the detailed certification, please go to the Compliance Center. This product provides the lifetime warranty. In this category you can find some D-Link compatible coded Gigabit Ethernet SFP modules and 10Gigabit SFP+ modules.
