

Polishing the Splitter

Overview

If you're looking to mask the scratches, poorboys black hole or amigo glaze work great. They'll just fill in any light scratches though. Have you discovered a vintage hog splitter buried in your workshop or at a flea market?

That massive two-handed cleaver designed to split hog carcasses might seem beyond repair with its rusted handle and nicked blade. Greg Posted February 12, 2024 Is \$15 (includes shipping) too much?

I use these. Leather Skiver Maintenance is important and so is Sharpening Leather Skiver blades. If you just want to polish it up you could try some Menzerna finishing. Guys & gals I purchased a manual leather splitter from amazon. What is the best way to touch this blade up?

6" fine oil stone?

600grit Sand paper on a piece of polished granite?

Strop?

It's a nice built piece of. Anyone have a solution for sharpening my Tandy splitter blade?

It was sharp enough to split a special leather and then suddenly it decided it didn't want to anymore. I try to remove as little as possible, but at a certain point. It breaks the pattern on the top of the leather I been trying to.
