Red light source calibration in Namibia

Overview

Gobabeb is a vicarious calibration site located in Namibia, Africa, focused on the visible and near-infrared parts of the spectrum. It serves as a European contribution to the Committee on Earth Observation Satellites (CEOS) Radiometric Calibration Network (RadCalNet), an initiative aimed at. Spectrum Laboratories & Consultancy CC is a SADCAS accredited laboratory in Mass Metrology for the calibration of weighing instruments and Masspieces. Spectrum Namibia Laboratories & Consultancy has opened its doors to the public. The newly established laboratory offers Metrology services in Mass. Founded in 2004 in Walvis Bay, Namibia by Mr. Dawid Coetzee, Metrotech is the leader in calibration and load testing services and, we are committed to accuracy and quality. Here is our training calendar for 2026. Below are clickable links: ISO/IEC 17025:2017 https://lnkd. in/d_n7-FCi Root Cause Analysis. Trace Elements Analysis Laboratories (Pty) Ltd specialises in industrial & commercial services.
