

West Europe Three-in-One Fiber Optic Splitter Box

Overview

3 way dual window optical splitter fitted with female FC/PC connectors to enable the direct connection of pre terminated GI-3.0 FC/PC fibre optic patch cables. The fiber splitter distribution box supports fiber splicing, splitting, distribution, "three in one" and fiber optic distribution box also offers solid protection. FS PLC Fibre Optic Splitters, Bare/Blockless/ABS/LGX Splitter/Rack Mount Types, support 1xN light distribution, with low IL and PDL for high-reliability transmission. Deploying compact FS PLC Splitters to simplify your networks, perfectly fits your PON, EPON, FTTX, etc. T PON standards such as GPON, XGS-PON and new 25 and 50G standards. Splice boxes, also known as fiber optic splice enclosures or fiber splice closures, are essential components in fiber optic networks. Their primary function is to protect and manage the spliced fiber optic cables, ensuring they remain secure, well-organized, and unaffected by environmental factors.
